

AS REPRESENTATIVE OF SEVERAL LARGE VOLUME PART 90 LAND MOBILE USERS  
WE PROTEST THIS MIGRATION RULING AS STATED. ALTHOUGH THIS NEW RULEING  
MAY BE A GOOD IDEA FOR MAJOR METROPOLITAN AREAS LIKE CHICAGO IT IS NOT NECESSARY  
IN MOST RURAL AREAS. A GREAT NUMBER OF VERY SMALL USERS ARE GOING TO CELLULAR AND  
ABANDONING LAND MOBILE, THE ONLY ENTITIES  
THIS ACTUALLY HELPS IS EQUIPMENT MANUFACTURERS. EVERYONE ELSE HAS TO BUY ENTIRE  
FLEETS OF NEW EQUIPMENT, IN SOME CASES HUNDREDS OF THOUSANDS OF DOLLARS. IT IS  
SCANDALOUS JUST AS NEXTEL'S PURCHASE OF THE MOTOROLA TRUNKING SYSTEM. IF MOTOROLA  
DID NOT WANT THAT SYSTEM THEY SHOULD HAVE BEEN FORCED TO RETURN THOSE  
FREQUENCIES TO THE FCC FOR OPEN LOCAL ACQUISITION. INSTEAD NEXTEL FORCED ALL  
PERSONS OPERATING THE OLD MOTOROLA TRUNKING SYSTEM TO BUY NEW EQUIPMENT. IN  
CLOSING FCC SHOULD TAKE A STEP BACK AND CONTINUE WITH VOLUNTARY MIGRATION ONLY  
TO THE 12.5KHZ. NARROWBAND SYSTEMS.
